LIMITED **CABINET WARRANTY**

InStock Today Cabinets LLC (“IST”) provides a warranty to the original owners of the installed residential cabinetry (the “Product”), guaranteeing them to be free of avoidable manufacturer defects and unnatural defects in material and workmanship under normal use, for a period of five (5) years from the original purchase date by the consumer purchaser. However, cabinets with painted finishes are covered by a two (2) year warranty. This limited liability warranty specifically pertains to residential use and is applicable only at the original installation site. It's important to note that this warranty is non-transferable.

Our obligation under this warranty is limited to the repair or replacement of any Products that prove defective as determined by our review and inspection. This warranty is limited to replacement or repair of defective parts or materials only.
Labor charges or damage related to installation, removal, repair or exchange, as well as any incidental and consequential damages, are excluded.

This limited warranty is void and does not cover product if it is:
· misused or used for a purpose not intended or designed by us
· mishandled or subjected to abuse, vandalism, negligence or accident
· improperly stored before installation: product must be covered prior to
· installation and kept in an environment with controlled temperature and
· humidity out of direct sunlight at all times
· improperly installed or modified: product must not be installed outdoors, or
· reconfigured by the installer
· subjected to extreme temperatures or extreme moisture levels after
· installation: product must be kept at all times in a space within controlled ranges of 50-85 degrees Fahrenheit and 30-55% humidity

The following changes are considered natural and normal and are excluded from the warranty:
· The natural darkening and mellowing that normally occurs to finished wood over time; or the yellowing of finish resulting from exposure to sunlight and/or other environmental conditions.
· Natural wood characteristics inherent to the wood species, such as knots, pinholes, graining, or sapwood defined as acceptable within our wood purchase specifications or the differences in stain coloring that occurs between plywood components and solid hardwood components.
· Minor dimensional changes due to the wood’s hygroscopic nature. Because wood constantly absorbs and releases moisture with the environment it will shrink or swell to varying degrees depending on the species; this may result in visible lines around door center panels if not properly controlled that will come and go with seasonal changes in humidity. It may also result in door warpage up to 1/16” per foot which must be allowed to re-acclimate for a full twelve months over the course of changes in seasons.
· Painted finishes that reveal joinery lines due to natural dimensional changes.

Additional exclusions:
· Acts of God, fire, flood, or other influences outside of our control.

LIMITED **CABINET WARRANTY**

• normal wear and tear is excluded. Examples include, but are not limited to damage resulting from moisture around sinks and/or moisture from hands transferred to cabinetry without wiping away; impact-caused nicks or chips in finish (paint or stain); toe kick damage caused by excessive moisture allowed to remain after cleaning floors.
• this warranty does not apply to finishes that are exposed for prolonged periods of time to tobacco smoke and/or other smoke sources.
• this warranty does not apply to cabinetry purchased unfinished.

This warranty does not cover costs associated with shipping or transportation of replacements, the cost of installation, removal, or subsequent damage or transportation of the defective product, regardless of who performs the work.

IST reserves the right to change design specifications and materials without obligation to make similar changes to products previously manufactured. If a warranty claim is filed for a product that is no longer manufactured by IST, IST reserves the right to fulfill the warranty obligation by substituting discontinued product with the most similar styling, wood species, and color available at the time a claim is submitted; claim remedy may include replacing other IST components installed in the residential application necessary to achieve a uniform appearance and a similar style to that originally purchased.

These warranties are the exclusive warranties of IST wood Products and are in lieu of all other warranties, expressed or implied, including the implied warranties of merchantability and fitness for a particular use. In no event shall IST wood Products be liable for incidental or consequential damages, special damages, exemplary damages, lost profits and revenues, loss of use of the product, bodily injury, and property damage, all whether based on contract, tort, strict liability, or any other legal basis or theory. In no event will IST's liability with respect to the warranty obligations exceed the purchase price for the defective product.

To obtain performance under this Limited Warranty, contact the authorized IST dealer or builder where the Product was originally purchased and allow sufficient time and opportunity to inspect the Product, evaluate the claim and respond. If the authorized IST dealer or builder is unable to respond to your claim, mail a request for assistance to: Instock Today Cabinets, LLC, Warranty Department, 5731 General Washington Dr, Alexandria, VA 22312. All decisions regarding the existence of manufacturing defects or affecting this warranty shall be made by IST in its discretion and shall be final and binding on the parties. This limited warranty is governed by the laws of the Commonwealth of Virginia. All disputes arising from this limited warranty will be venued in the state or federal courts sitting in Virginia.
