

## ANGLED FILLER

*Create an angled filler*

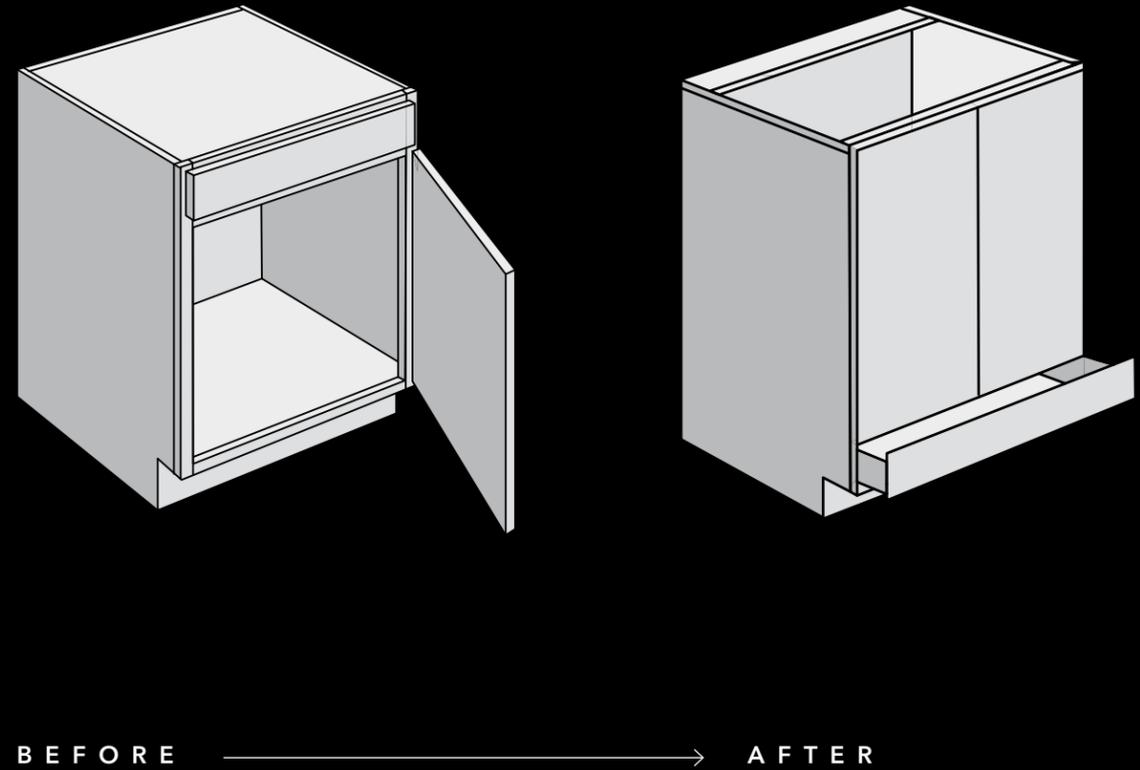

Fabuwood can create angled fillers, angled fluted fillers and angled overlay fillers.

Note: Customer must provide drawing.

## SINK BASE WITH BOTTOM DRAWER

*Modify a base cabinet to create sink base with drawer on bottom.*

Using a standard base cabinet, Fabuwood can create a base cabinet featuring a door at the top and a drawer on the bottom. A fixed shelf with front rail is also inserted above drawer.

To vary the vanity depth, an additional cut-base charge will apply.
